

BEE a Part of Your Community Summer Learning Challenge

Since launched in June, 871 preschoolers, children, and teens have participated in the 2023 Summer Learning Challenge. Already, with a month to go, 834 Book Vending Machine tokens have been given out as a reward for reading or listening for 15 minutes. Some children opted for prizes from the treasure chest. Families have flocked to the library for art, STEM, cooking, chess programs, and our weekly story times. Crafting with a Cause and Science Week was new this year and very popular.
